Authority

Pursuant to the authority of Section 119 of the Department of Justice Appropriations Act of 2001 (Public Law 106-553), this Agreement is entered into between the United States Marshals Service (hereinafter referred to as the "Federal Government") and BUTLER COUNTY JAIL (hereinafter referred to as "Local Government"), who hereby agree as follows:

Purpose of Agreement and Security Provided

The Federal Government and the Local Government establish this Agreement that allows the United States Marshals Service (USMS) or other authorized agency user as noted in block #18 on page (1) to house Federal detainees with the Local Government at the BUTLER COUNTY JAIL, 123 COURT STREET, HAMILTON, OH 45011 (hereinafter referred to as "the Facility") designated in #6 page 1.

The population (hereinafter referred to as "Federal detainees,") will include individuals charged with Federal offenses and detained while awaiting trial, individuals who have been sentenced and are awaiting designation and transport to a Bureau of Prisons (BOP) facility, and individuals who are awaiting a hearing on their immigration status or deportation.

The Local Government shall accept and provide for the secure custody, safekeeping, housing, subsistence and care of Federal detainees in accordance with all state and local laws, standards, regulations, policies and court orders applicable to the operation of the Facility. Detainees shall also be housed in a manner that is consistent with Federal law and the Federal Performance Based Detention Standards and/or any other standards required by an authorized agency whose detainees are housed by the Local Government pursuant to this Agreement.

The USMS ensures the secure custody, care, and safekeeping of USMS detainees. Accordingly, all housing or work assignments, and recreation or other activities for USMS detainees are permitted only within secure areas of the building or within the secure external recreational/exercise areas.

At all times, the Federal Government shall have access to the Facility and to the Federal detainees housed there, and to all records pertaining to this Agreement, including financial records, for a period going back three (3) years from the date of request by the Federal Government.

Period of Performance and Termination

This Agreement is effective upon the date of on page 1 in block #2 and signature of the authorized USMS Prisoner Operations Division official, and remains in effect unless inactivated in writing by either party. Either party may terminate this Agreement for any reason with written notice at least thirty (30) calendar days in advance of termination, unless an emergency situation requires the immediate relocation of Federal detainees.

Where the Local Government has received a Cooperative Agreement Program (CAP) award, the termination provisions of the CAP prevail.

Assignment and Outsourcing of Jail Operations

The overall management and operation of the Facility housing Federal detainees may not be contracted out without the prior express written consent of the Federal Government.

Medical Services

The Local Government shall provide Federal detainees with the same level and range of care inside the Facility as that provided to state and local detainees. The Local Government is financially responsible for all medical care provided inside the Facility to Federal detainees. This includes the cost of all medical, dental, and mental health care as well as the cost of medical supplies, over-the-counter medications and, any prescription medications routinely stocked by the Facility which are provided to Federal detainees. When possible, generic medications should be prescribed. The cost of all of the above-referenced medical care is covered by the Federal per diem rate. However, for specialized medical services not routinely provided within the Facility, such as dialysis, the Federal Government will pay for the cost of that service.

The Federal Government is financially responsible for all medical care provided outside the Facility to Federal detainees. The Federal Government must be billed directly by outside medical care providers pursuant to arrangements made by the Local Government for outside medical care. The Local Government should utilize outside medical care providers that are covered by the USMS's National Managed Care Contract (NMCC) to reduce the costs and administrative workload associated with these medical services. The Local Government can obtain information about NMCC covered providers from the local USMS District Office. The Federal Government will be billed directly by the medical care provider not the Local Government. To ensure that Medicare rates are properly applied, medical claims for Federal detainees must be on Centers for Medicare and Medicaid (CMS) Forms so that they can be re-priced to Medicare rates in accordance with the provisions of Title 18 U.S.C. Section 4006. If the Local Government receives any bills for medical care provided to Federal detainees outside the Facility, the Local Government should immediately forward those bills to the Federal Government for processing.

All outside medical care provided to Federal detainees must be pre-approved by the Federal Government except in a medical emergency. In the event of an emergency, the Local Government shall proceed immediately with necessary medical treatment. In such an event, the Local Government shall notify the Federal Government immediately regarding the nature of the Federal detainee's illness or injury as well as the types of treatment provided.

Medical care for Federal detainees shall be provided by the Local Government in accordance with the provisions of USMS, Publication 100-Prisoner Health Care Standards (www.usmarshals.gov/prisoner/standards.htm) and in compliance with the Federal Performance Based Detention Standards or those standards which may be required by any other authorized agency user. The Local Government is responsible for all associated medical record keeping.

The Facility shall have in place an adequate infectious disease control program which includes testing of all Federal detainees for Tuberculosis (TB) within 14 days of intake.

TB testing shall be accomplished in accordance with the latest Centers for Disease Control (CDC) Guidelines and the result promptly documented in the Federal detainee's medical record. Special requests for expedited TB testing and clearance (to include time sensitive moves) will be accomplished through advance coordination by the Federal Government and Local Government.

The Local Government shall immediately notify the Federal Government of any cases of suspected or active TB or any other highly communicable diseases such as Severe Acute Respiratory Syndrome (SARS), Avian Flu, Methicillin-Resistant Staphylococcus Aureus (MRSA), Chicken Pox, etc., which might affect scheduled transports or productions so that protective measures can be taken by the Federal Government.

When a Federal detainee is being transferred and/or released from the Facility, they will be provided with seven (7) days of prescription medication which will be dispensed from the Facility. Medical records and the USM-553 must travel with the Federal detainee. If the records are maintained at a medical contractor's facility, it is the Local Government's responsibility to obtain them before a Federal detainee is moved.

Federal detainees may be charged a medical co-payment by the Local Government in accordance with the provisions of Title 18, USC Section 4013(d). The Federal Government is not responsible for medical co-payments and cannot be billed for these costs even for indigent Federal detainees.

ICE releases Fiscal Year 2024 Annual Report

WASHINGTON — U.S. Immigration and Customs Enforcement today released its Fiscal Year 2024 Annual Report, which highlights the agency’s primary missions of immigration enforcement and combating transnational crime.

In FY 2024, ERO worked to improve its operational efficiency through several modernization initiatives, continued its interior enforcement efforts, cared for all noncitizens in ICE custody, and delivered case management services to those on the non-detained docket while optimizing the agency’s removal capabilities to manage the large influx of border crossers.

“Every year, our workforce faces tremendous challenges — but every year, they meet those challenges head-on,” said ICE Deputy Director and Senior Official Performing the Duties of the Director Patrick J. Lechleitner. “I believe we have one of the most adaptable and agile workforces in the federal government. Our federal law enforcement officers, special agents, mission support staff and others are always tasked with doing more despite having fewer resources at our disposal, and their hard work and dedication to serving the American people truly keep this agency running smoothly.”

Enforcement and Removal Operations

As a result of ICE’s efforts, and despite ongoing resource constraints, in FY 2024, ICE removed more people without legal basis to remain in the United States than it did in any other fiscal year since 2015.

ICE continued to prioritize its enforcement resources by arresting noncitizens with criminal convictions or pending charges. Over 81,312 (71.7%) of the 113,431 arrests were of noncitizens with criminal convictions or pending charges. In contrast, 73,822 (43%) of the 170,590 noncitizens arrested in fiscal year 2023 had criminal histories.

The 81,312 noncitizens with criminal histories arrested had a combined total of 516,050 charges and/or convictions, which include the following serious and violent offenses:

- 57,081 assaults.
- 18,579 sexual assaults and sex offenses.
- 12,895 weapons offenses.
- 11,822 burglaries.
- 5,462 robberies.
- 2,894 homicides.
- 2,766 kidnappings.

During FY 2024, ERO arrested 3,032 criminals and assisted with 3,012 criminal indictments and 3,014 criminal convictions for violations of the U.S. Code, primarily under Title 8.

In the same time period, ERO issued 149,764 immigration detainers for noncitizens with criminal histories — an increase of 19.5% from fiscal year 2023, when it issued 125,358 detainers. Detainers are critical public safety tools that ask federal, state and local law enforcement agencies to maintain custody of a noncitizen for up to 48 hours beyond the time they would otherwise be released. This allows ERO to arrest noncitizens in safe, custodial settings.

ERO's limited detention capacity was primarily used to house two populations in FY 2024: Noncitizens U.S. Customs and Border Protection arrested at the southwest border and were subsequently transferred to ERO custody and noncitizens with criminal histories ERO arrested in the U.S. interior. The number of noncitizens in ERO custody increased from 36,845 at the end of FY 2023 to 37,684 at the end of FY 2024.

Of the 271,484 ERO removals, 88,763 (32.7%) had criminal histories. Of the 271,484 ERO removals, 88,763 (32.7%) had criminal histories. These include many serious charges or convictions for offenses, including the following:

- 47,885 assaults.
- 16,552 sexual assaults and sex offenses.
- 10,862 weapons offenses.
- 9,453 burglaries.
- 4,906 robberies.
- 2,699 homicides.
- 2,423 kidnappings.

Of the 271,484 individuals removed, 237 were known or suspected terrorists, a 70.5% increase compared to fiscal year 2023, and eight were human rights violators for an increase of 33.3% compared to fiscal year 2023.

ERO is committed to keeping people in its custody safe. This includes responding quickly and effectively to the medical needs of those in ICE custody. During fiscal year 2024, the ICE Health Service Corps operating budget approached \$421.5 million, providing medical and dental health services to over 138,000 noncitizens during 1.3 million visits.

Most noncitizens remained on ICE's non-detained docket, which by the end of fiscal year 2024 increased by about 24.6%, from 6.1 million noncitizens at the end of fiscal year 2023 to more than 7.6 million at the end of fiscal year 2024. The non-detained docket includes noncitizens who participate in ERO's Alternatives to Detention-Intensive Supervision Appearance program, which tallied more than 179,000 participants at the end of FY 2024. The ATD-ISAP program provides an additional layer of supervision to ensure compliance with release conditions for certain adult noncitizens.

Homeland Security Investigations

Using its unique border authorities and international partnerships, Homeland Security Investigations made significant contributions to the U.S. government efforts against transnational crime. In fiscal year 2024, HSI made 32,608 arrests, identified and/or assisted 1,783 victims of child exploitation, and assisted 818 human trafficking victims. Additionally, it seized \$886 million in criminally derived currency and assets and over \$192 million in virtual currency, dealing a significant blow to TCO operations and criminals seeking to profit from illicit crimes.

HSI continued to play a key role in the U.S. government's efforts to combat the opioid epidemic and seized more than 1.6 million pounds of narcotics in FY 2024 — including 42,800 pounds of fentanyl, pills and other lethal substances — through law enforcement initiatives such as Operation High Capacity, which resulted in the seizure of over 3,500 pounds of fentanyl and associated chemicals, over 800,000 pills and 13 pill presses. In FY 2024, HSI received three White House Office of National Drug Control Policy awards.

HSI plays a pivotal role in the fight against online child exploitation. In April 2024, the DHS Cyber Crimes Center launched the Know2Protect campaign to prevent and combat online child sexual exploitation and abuse by raising public awareness, providing reporting instructions, and sharing resources for victims. In partnership with several professional sports leagues and tech companies, K2P made significant progress in raising public awareness of online child exploitation.

HSI continued to disrupt and dismantle the human smuggling networks that exploit and endanger migrants attempting to illegally enter the United States. HSI is the lead agency in nearly all Joint Task Force Alpha-supported human smuggling investigations. JTFA is a law enforcement effort between the Department of Justice and DHS against human smuggling networks. In fiscal year 2024, JTFA efforts resulted in about 68 criminal arrests and 25 convictions, and it seized about \$1.3 million in currency and assets.

HSI also targeted all aspects of transnational criminal organizations by shutting down dark web vendors, denying cartels the firearms and illicit proceeds that fuel their operations, and collaborating with law enforcement partners across the United States and around the world to dismantle the criminal networks.

HSI's partnership with 600 foreign law enforcement personnel assigned to 14 Transnational Criminal Investigative Units in 17 countries resulted in 2,382 criminal arrests and millions seized in illegal narcotics, firearms, real estate, U.S. currency, virtual currency, and other forms of criminal proceeds and assets. ICE updates policies on use of Special Management Units

Special Management Units include housing units for noncitizens in administrative, non-punitive segregation or disciplinary segregation at ICE detention facilities.

WASHINGTON – U.S. Immigration and Customs Enforcement announced today policy updates for the use of Special Management for detained noncitizens. This update closes out recommendations contained in a 2021 [report](#) by the Department of Homeland Security's Office of Inspector General. The updated Enforcement and Removal Operations policy focuses on how ICE tracks and reports the use of segregation and adds additional emphasis for ensuring the safety and welfare of detained noncitizens and facility staff as well as how the agency records and tracks these placements. Special Management Units (SMUs) include housing units for noncitizens in administrative, non-punitive segregation or disciplinary segregation at ICE detention facilities. ICE provides several levels of oversight of SMUs to ensure detained noncitizens reside in safe, secure, and humane environments. All ICE-approved detention facilities are inspected by a third-party inspection team to ensure the applicable detention standards are met. ERO Released Statistics for Q2 and Q3 of FY 24 reflect nearly 70% increase over Q3 of FY 2023

On November 25, 2024, U.S. Immigration and Customs Enforcement (ICE) today updated its [Enforcement and Removal Operations statistics page](#) with data from the second and third quarters of Fiscal Year (FY) 2024. In the third quarter, ICE removed nearly 68,000 individual noncitizens — almost 1,000 more than in the second quarter. This reflects a 69% increase over removals during the third quarter in FY 2023 and is more than 140% of ICE removals for all FY 2023. The data demonstrates the agency's dedication to optimizing its resources to enforce U.S. immigration laws in the U.S. interior and remove individuals and families who have no legal basis to stay in the country. The data in the dashboard is independent from and does not include removals and returns by U.S. Customs and Border Protection (CBP), or expulsions under the Title 42 public health order, which ended in May 2023. The ICE Enforcement and Removal Operations (ERO) dashboard currently displays enforcement data spanning FY 2021 through the third quarter of FY 2024 and tracks arrests, detention, removals, and enrollments into ICE's Alternatives to Detention (ATD) program. ERO identifies and arrests unlawfully present or otherwise removable noncitizen individuals and families without legal basis to stay in the country. Officers exercise prosecutorial discretion and prioritize enforcement actions based on department and agency priorities and other factors. DHS Updates

DHS Announces Permanent Increase of the Automatic Extension Period for Certain Employment Authorization Document Renewal Applicants

On December 10, 2024 the Department of Homeland Security (DHS) announced a final rule that will support U.S. employers, foster economic growth, and improve access to employment authorization documents (EAD) for eligible individuals by permanently increasing the automatic extension period of employment authorization and employment authorization documentation from up to 180 days to up to 540 days for eligible noncitizens who file a timely request to renew their work authorization. This announcement responds to feedback from the business community to create more certainty for employers. Over the past several years, USCIS has significantly reduced processing times for EAD applications as part of its ongoing efforts to help support the U.S. economy, its employers, and those who Congress has made eligible to work here. This final rule continues these efforts by reducing the likelihood that lapses in employment authorization for eligible noncitizens will occur, while U.S. Citizenship and Immigration Services adjudicates their EAD renewal requests and better ensure continuity of operations for U.S. employers. The need is clear, as USCIS received and processed a record number of EAD applications this year. This is the latest step by the Biden-Harris Administration to keep eligible work-authorized individuals in the workforce, supporting our local economies, businesses, and communities. S&T's Year in Review: Building a More Secure Future in 2024 -12/9/24 - Reflecting on how the last 12 months shaped the Science and Technology Directorate's (S&T) research and development efforts and strengthened our commitment to securing the nation. As years go, 2024 was truly one for the history books. It was a year of elections, with more than half the world's population going to the polls to elect new leadership, including here in the United States. In industry, American innovation and ingenuity expanded well beyond our borders, reaching as far as flying a helicopter on Mars and landing a private U.S. craft on the moon. Back on Earth, U.S. athletes garnered a treasure trove of medals at the Paris Olympics, where security was silently ensured by international partners, including the Department of Homeland Security (DHS). Through it all, S&T was there—supporting search and rescue operations after [Hurricane Helene](#), response and recovery activities following the [Francis Scott Key bridge collapse](#), and security preparations at the [Super Bowl](#) safeguarding more than 61,000 players and attendees. We never wavered from our core mission to protect the homeland, ensure the safety of our citizens, and save lives should hazards hit. DHS to Supplement H-2B Cap with Nearly 65,000 Additional Visas for Fiscal Year 2025

DHS, in coordination with DOL, has authorized supplemental cap numbers in FY 2017, FY 2018, FY 2019, FY 2021, FY 2022, FY 2023, and FY 2024 in accordance with the time-limited statutory authority granted for each of those fiscal years by Congress. DHS Announces \$210 Million of Additional Funds to Protect Faith-Based Institutions and Nonprofit Organizations Against Targeted Attacks

News Release: DHS S&T Updates Master Question List for Synthetic Opioids

The Department of Homeland Security (DHS) [Science and Technology Directorate \(S&T\)](#) released an updated [Master Question List \(MQL\) for Synthetic Opioids](#). The MQL, a reference guide, presents the most critical, scientifically vetted information on the chemical and physical properties of synthetic opioids as well as the hazards they pose in operational settings. First released in 2021, this guide now includes new information about the physical properties of nitazenes, potent opioids that entered illicit drug markets in 2019 and can be 10 times stronger than fentanyl. The list also adds substantial new information about synthetic opioid detection

and decontamination methods. This resource summarizes the latest research into synthetic opioids, helping experts identify knowledge gaps to focus investments and provides first responders with science-based guidance to protect themselves from opioid exposure. HS is fighting against cartels and Transnational Criminal Organizations that are flooding communities with illicit synthetic drugs, like fentanyl. Strategy involves enforcement actions, including seizures of fentanyl and precursor chemicals, along with stopping southbound guns and money, and supporting prosecutions to prevent future illicit acts. Together, these efforts led to the arrest of more than 4,800 people and helped seize over 37,000 pounds of illicit fentanyl in Fiscal Year 2024. U.S. Custom and Border Patrol's Office of Field Operations alone has prevented 1.1B doses from reaching American communities. Learn more at [DHS.gov/fentanyl](https://www.dhs.gov/fentanyl). CSAC and S&T's Office of Mission and Capability Support's Opioid Detection Program collaborated with the Hazard Assessment and Characterization Technology Center and the Probabilistic Analysis for National Threats and Hazards and Risks program to develop the Synthetic Opioids MQL. The CSAC lab serves as a national knowledge and resource center for chemical threats and hazards. Related efforts delivered through CSAC include knowledge products used for detection and interdiction of illicit opioids, including a Fentanyl Synthesis Quick Reference Guide and the [Chemical Agent Reactions Database \(CARD\)](#) designed to help law enforcement identify harmful chemicals and what "chemicals of interest" could be produced from them.

The Synthetic Opioids MQL focuses on synthetic opioids commonly found in the illicit drug trade. S&T will continue to update the MQL periodically as new knowledge becomes publicly available. Authority

Pursuant to the authority of Section 119 of the Department of Justice Appropriations Act of 2001 (Public Law 106-553), this Agreement is entered into between the United States Marshals Service (hereinafter referred to as the "Federal Government") and DELAWARE COUNTY JAIL (hereinafter referred to as "Local Government"), who hereby agree as follows:

Purpose of Agreement and Security Provided

The Federal Government and the Local Government establish this Agreement that allows the United States Marshals Service (USMS) or other authorized agency user as noted in block #18 on page (1) to house Federal detainees with the Local Government at the DELAWARE COUNTY JAIL, 844 US 42 NORTH, DELAWARE, OH 43015 (hereinafter referred to as "the Facility") designated in #6 page 1.

The population (hereinafter referred to as "Federal detainees,") will include individuals charged with Federal offenses and detained while awaiting trial, individuals who have been sentenced and are awaiting designation and transport to a Bureau of Prisons (BOP) facility, and individuals who are awaiting a hearing on their immigration status or deportation.

The Local Government shall accept and provide for the secure custody, safekeeping, housing, subsistence and care of Federal detainees in accordance with all state and local laws, standards, regulations, policies and court orders applicable to the operation of the Facility. Detainees shall also be housed in a manner that is consistent with Federal law and the Federal Performance Based Detention Standards and/or any other standards required by an authorized agency whose detainees are housed by the Local Government pursuant to this Agreement.

The USMS ensures the secure custody, care, and safekeeping of USMS detainees. Accordingly, all housing or work assignments, and recreation or other activities for USMS detainees are permitted only within secure areas of the building or within the secure external recreational/exercise areas.

At all times, the Federal Government shall have access to the Facility and to the Federal detainees housed there, and to all records pertaining to this Agreement, including financial records, for a period going back three (3) years from the date of request by the Federal Government.

Period of Performance and Termination

This Agreement is effective upon the date of on page 1 in block #2 and signature of the authorized USMS Prisoner Operations Division official, and remains in effect unless inactivated in writing by either party. Either party may terminate this Agreement for any reason with written notice at least thirty (30) calendar days in advance of termination, unless an emergency situation requires the immediate relocation of Federal detainees.

Where the Local Government has received a Cooperative Agreement Program (CAP) award, the termination provisions of the CAP prevail.

Assignment and Outsourcing of Jail Operations

The overall management and operation of the Facility housing Federal detainees may not be contracted out without the prior express written consent of the Federal Government.

Medical Services

The Local Government shall provide Federal detainees with the same level and range of care inside the Facility as that provided to state and local detainees. The Local Government is financially responsible for all medical care provided inside the Facility to Federal detainees. This includes the cost of all medical, dental, and mental health care as well as the cost of medical supplies, over-the-counter medications and, any prescription medications routinely stocked by the Facility which are provided to Federal detainees. When possible, generic medications should be prescribed. The cost of all of the above-referenced medical care is covered by the Federal per diem rate. However, for specialized medical services not routinely provided within the Facility, such as dialysis, the Federal Government will pay for the cost of that service.

The Federal Government is financially responsible for all medical care provided outside the Facility to Federal detainees. The Federal Government must be billed directly by outside medical care providers pursuant to arrangements made by the Local Government for outside medical care. The Local Government should utilize outside medical care providers that are covered by the USMS's National Managed Care Contract (NMCC) to reduce the costs and administrative workload associated with these medical services. The Local Government can obtain information about NMCC covered providers from the local USMS District Office. The Federal Government will be billed directly by the medical care provider not the Local Government. To ensure that Medicare rates are properly applied, medical claims for Federal detainees must be on Centers for Medicare and Medicaid (CMS) Forms so that they can be re-priced to Medicare rates in accordance with the provisions of Title 18 U.S.C. Section 4006. If the Local Government receives any bills for medical care provided to Federal detainees outside the Facility, the Local Government should immediately forward those bills to the Federal Government for processing.

All outside medical care provided to Federal detainees must be pre-approved by the Federal Government except in a medical emergency. In the event of an emergency, the Local Government shall proceed immediately with necessary medical treatment. In such an event, the Local Government shall notify the Federal Government immediately regarding the nature of the Federal detainee's illness or injury as well as the types of treatment provided.

Medical care for Federal detainees shall be provided by the Local Government in accordance with the provisions of USMS, Publication 100-Prisoner Health Care Standards (www.usmarshals.gov/prisoner/standards.htm) and in compliance with the Federal Performance Based Detention Standards or those standards which may be required by any other authorized agency user. The Local Government is responsible for all associated medical record keeping.

The Facility shall have in place an adequate infectious disease control program which includes testing of all Federal detainees for Tuberculosis (TB) within 14 days of intake.

TB testing shall be accomplished in accordance with the latest Centers for Disease Control (CDC) Guidelines and the result promptly documented in the Federal detainee's medical record. Special requests for expedited TB testing and clearance (to include time sensitive moves) will be accomplished through advance coordination by the Federal Government and Local Government.

The Local Government shall immediately notify the Federal Government of any cases of suspected or active TB or any other highly communicable diseases such as Severe Acute Respiratory Syndrome (SARS), Avian Flu, Methicillin-Resistant Staphylococcus Aureus (MRSA), Chicken Pox, etc., which might affect scheduled transports or productions so that protective measures can be taken by the Federal Government.

When a Federal detainee is being transferred and/or released from the Facility, they will be provided with seven (7) days of prescription medication which will be dispensed from the Facility. Medical records and the USM-553 must travel with the Federal detainee. If the records are maintained at a medical contractor's facility, it is the Local Government's responsibility to obtain them before a Federal detainee is moved.

Federal detainees may be charged a medical co-payment by the Local Government in accordance with the provisions of Title 18, USC Section 4013(d). The Federal Government is not responsible for medical co-payments and cannot be billed for these costs even for indigent Federal detainees.

The Federal Government will use various price analysis techniques and procedures to ensure the per-diem rate established by this Agreement is considered a fair and reasonable price. Examples of such techniques include, but are not limited to, the following:

1. Comparison of the requested per-diem rate with the independent Federal Government estimate for detention services, otherwise known as the Core Rate;
2. Comparison with per-diem rates at other state or local facilities of similar size and economic conditions;
3. Comparison of previously proposed prices and previous Federal Government and commercial contract prices with current proposed prices for the same or similar items;

Authority

Pursuant to the authority of Section 119 of the Department of Justice Appropriations Act of 2001 (Public Law 106-553), this Agreement is entered into between the United States Marshals Service (hereinafter referred to as the "Federal Government") and MAHONING COUNTY JAIL (hereinafter referred to as "Local Government"), who hereby agree as follows:

Purpose of Agreement and Security Provided

The Federal Government and the Local Government establish this Agreement that allows the United States Marshals Service (USMS) or other authorized agency user as noted in block #18 on page (1) to house Federal detainees with the Local Government at the MAHONING COUNTY JAIL, 110 5TH AVENUE, YOUNGSTOWN, OH 44503 (hereinafter referred to as "the Facility") designated in #6 page 1.

The population (hereinafter referred to as "Federal detainees,") will include individuals charged with Federal offenses and detained while awaiting trial, individuals who have been sentenced and are awaiting designation and transport to a Bureau of Prisons (BOP) facility, and individuals who are awaiting a hearing on their immigration status or deportation.

The Local Government shall accept and provide for the secure custody, safekeeping, housing, subsistence and care of Federal detainees in accordance with all state and local laws, standards, regulations, policies and court orders applicable to the operation of the Facility. Detainees shall also be housed in a manner that is consistent with Federal law and the Federal Performance Based Detention Standards and/or any other standards required by an authorized agency whose detainees are housed by the Local Government pursuant to this Agreement.

The USMS ensures the secure custody, care, and safekeeping of USMS detainees. Accordingly, all housing or work assignments, and recreation or other activities for USMS detainees are permitted only within secure areas of the building or within the secure external recreational/exercise areas.

At all times, the Federal Government shall have access to the Facility and to the Federal detainees housed there, and to all records pertaining to this Agreement, including financial records, for a period going back three (3) years from the date of request by the Federal Government.

Period of Performance and Termination

This Agreement is effective upon the date of on page 1 in block #2 and signature of the authorized USMS Prisoner Operations Division official, and remains in effect unless inactivated in writing by either party. Either party may terminate this Agreement for any reason with written notice at least thirty (30) calendar days in advance of termination, unless an emergency situation requires the immediate relocation of Federal detainees.

Where the Local Government has received a Cooperative Agreement Program (CAP) award, the termination provisions of the CAP prevail.

Assignment and Outsourcing of Jail Operations

The overall management and operation of the Facility housing Federal detainees may not be contracted out without the prior express written consent of the Federal Government.

Medical Services

The Local Government shall provide Federal detainees with the same level and range of care inside the Facility as that provided to state and local detainees. The Local Government is financially responsible for all medical care provided inside the Facility to Federal detainees. This includes the cost of all medical, dental, and mental health care as well as the cost of medical supplies, over-the-counter medications and, any prescription medications routinely stocked by the Facility which are provided to Federal detainees. When possible, generic medications should be prescribed. The cost of all of the above-referenced medical care is covered by the Federal per diem rate. However, for specialized medical services not routinely provided within the Facility, such as dialysis, the Federal Government will pay for the cost of that service.

The Federal Government is financially responsible for all medical care provided outside the Facility to Federal detainees. The Federal Government must be billed directly by outside medical care providers pursuant to arrangements made by the Local Government for outside medical care. The Local Government should utilize outside medical care providers that are covered by the USMS's National Managed Care Contract (NMCC) to reduce the costs and administrative workload associated with these medical services. The Local Government can obtain information about NMCC covered providers from the local USMS District Office. The Federal Government will be billed directly by the medical care provider not the Local Government. To ensure that Medicare rates are properly applied, medical claims for Federal detainees must be on Centers for Medicare and Medicaid (CMS) Forms so that they can be re-priced to Medicare rates in accordance with the provisions of Title 18 U.S.C. Section 4006. If the Local Government receives any bills for medical care provided to Federal detainees outside the Facility, the Local Government should immediately forward those bills to the Federal Government for processing.

All outside medical care provided to Federal detainees must be pre-approved by the Federal Government except in a medical emergency. In the event of an emergency, the Local Government shall proceed immediately with necessary medical treatment. In such an event, the Local Government shall notify the Federal Government immediately regarding the nature of the Federal detainee's illness or injury as well as the types of treatment provided.

Medical care for Federal detainees shall be provided by the Local Government in accordance with the provisions of USMS, Publication 100-Prisoner Health Care Standards (www.usmarshals.gov/prisoner/standards.htm) and in compliance with the Federal Performance Based Detention Standards or those standards which may be required by any other authorized agency user. The Local Government is responsible for all associated medical record keeping.

The Facility shall have in place an adequate infectious disease control program which includes testing of all Federal detainees for Tuberculosis (TB) within 14 days of intake.

TB testing shall be accomplished in accordance with the latest Centers for Disease Control (CDC) Guidelines and the result promptly documented in the Federal detainee's medical record. Special requests for expedited TB testing and clearance (to include time sensitive moves) will be accomplished through advance coordination by the Federal Government and Local Government.

The Local Government shall immediately notify the Federal Government of any cases of suspected or active TB or any other highly communicable diseases such as Severe Acute Respiratory Syndrome (SARS), Avian Flu, Methicillin-Resistant Staphylococcus Aureus (MRSA), Chicken Pox, etc., which might affect scheduled transports or productions so that protective measures can be taken by the Federal Government.

When a Federal detainee is being transferred and/or released from the Facility, they will be provided with seven (7) days of prescription medication which will be dispensed from the Facility. Medical records and the USM-553 must travel with the Federal detainee. If the records are maintained at a medical contractor's facility, it is the Local Government's responsibility to obtain them before a Federal detainee is moved.

Federal detainees may be charged a medical co-payment by the Local Government in accordance with the provisions of Title 18, USC Section 4013(d). The Federal Government is not responsible for medical co-payments and cannot be billed for these costs even for indigent Federal detainees.

SEXUAL ASSAULT AWARENESS

This document is requested to be posted in each Housing Unit Bulletin Board at all Contract Detention Facilities. This document may be used and adapted by Intergovernmental Service Agreement Providers.

While detained by the Department of Justice, United States Marshals Service, you have a right to be safe and free from sexual harassment and sexual assaults.

Definitions

A. Detainee-on-Detainee Sexual Abuse/Assault

One or more detainees engaging in or attempting to engage in a sexual act with another detainee or the use of threats, intimidation, inappropriate touching or other actions and/or communications by one or more detainees aimed at coercing and/or pressuring another detainee to engage in a sexual act.

B. Staff-on-Detainee Sexual Abuse/Assault

Staff member engaging in, or attempting to engage in a sexual act with any detainee or the intentional touching of a detainee's genitalia, anus, groin, breast, inner thigh, or buttocks with the intent to abuse, humiliate, harass, degrade, arouse, or gratify the sexual desires of any person. Sexual abuse/assault of detainees by staff or other detainees is an inappropriate use of power and is prohibited by DOJ policy and the law.

C. Staff Sexual Misconduct is:

Sexual behavior between a staff member and detainee which can include, but is not limited to indecent, profane or abusive language or gestures and inappropriate visual surveillance of detainees.

Prohibited Acts

A detainee, who engages in inappropriate sexual behavior with or directs it at others, can be charged with the following Prohibited Acts under the Detainee Disciplinary Policy.

- Using Abusive or Obscene Language
- Sexual Assault
- Making a Sexual Proposal
- Indecent Exposure
- Engaging in Sex Act

Detention as a Safe Environment

While you are detained, no one has the right to pressure you to engage in sexual acts or engage in unwanted sexual behavior regardless of your age, size, race, or ethnicity. Regardless of your sexual orientation, you have the right to be safe from unwanted sexual advances and acts.

Confidentiality

Information concerning the identity of a detainee victim reporting a sexual assault, and the facts of the report itself, shall be limited to those who have the need to know in order to make decisions concerning the detainee-victim's welfare and for law enforcement investigative purposes.

Report All Assaults!

If you become a victim of a sexual assault, you should report it immediately to any staff person you trust, to include housing officers, chaplains, medical staff, supervisors or Deputy U.S. Marshals. Staff members keep the reported information confidential and only discuss it with the appropriate officials on a need to know basis. If you are not comfortable reporting the assault to staff, you have other options:

- Write a letter reporting the sexual misconduct to the person in charge or the United States Marshal. To ensure confidentiality, use special (Legal) mail procedures.
- File an Emergency Detainee Grievance - If you decide your complaint is too sensitive to file with the Officer in Charge, you can file your Grievance directly with the Field Office Director. You can get the forms from your housing unit officer, or a Facility supervisor.
- Write to the Office of Inspector General (OIG), which investigates allegations of staff misconduct. The address is: Office of Inspector General, U.S. Department of Justice, 950 Pennsylvania Ave. Room 4706, Washington, DC. 20530
- Call, at no expense to you, the Office of Inspector General (OIG). The phone number is 1-800-869-4499.

INTERGOVERNMENTAL SERVICE AGREEMENT BETWEEN
THE U.S. IMMIGRATION AND NATURALIZATION SERVICE
AND THE SENECA COUNTY JAIL

PURPOSE

The Purpose of this intergovernmental Service Agreement (IGSA) is to establish a formal binding relationship between the United States Immigration and Naturalization Service (hereafter referred to as the "Service") and the Seneca County Jail (hereafter referred to as the "Provider") for the detention and care of persons charged with violations of the Immigration and Nationality Act, (INA) as amended and related criminal statutes.

For the purpose of administering this Agreement, the Service will be represented by the District Director or Chief Patrol Agent of the INS area in which the services are provided. Designation, coordination and execution of facility inspections shall be directed by the Service Representative.

SUPPORT AND MEDICAL SERVICES

The Provider agrees to accept and provide for the secure custody, care, and safekeeping of Service detainees in accordance with Federal, State and local laws, standards, policies, procedures, or court orders applicable to the operations of the facility.

The Provider agrees to provide Service detainees with the same level of medical care and services provided local prisoners including the transportation and security for Service detainees requiring removal from the facility for emergency medical services.

The Provider shall notify the designated contact person at the local Service office within twelve (12) hours of all medical emergencies requiring removal of a detainee from the Facility. Service authorization will be obtained prior to removal of a detainee from the facility for non-emergency medical services in accordance with procedures to be established and mutually agreed upon. For medical care provided outside the facility, the Service retains the option of designating a medical provider for non-emergency care if the Service determines that an alternative provider is more cost effective, or more aptly meets the needs of the Service.

All costs associated with hospital or health care services provided outside the Provider's facility, will be billed to and paid directly by the Service. The health care provider shall be advised to invoice the Service directly for services provided, addressing itemized bills to the Service representative.

The United States Public Health Service is under contract to the Service to help insure preservation of the health of detainees as an integral part of the INS Health Care Program. For purposes of oversight, the relationship of the INS Health Care Program to the detainee shall be likened to that of physician to patient. In this light, restrictions generally applicable to the release of information by the Provider will not be applicable to representatives of the INS Health Care Program, who will be the final authority regarding the health of Service detainees. Additionally, the Provider agrees to make a reasonable effort to obtain completed Service Form I-813, INS Health Care Program Authorization for Disclosure of Information, from detainees being referred for outside medical treatment, and provide the executed forms to the Service.

RECEIVING AND DISCHARGE

The Provider agrees to accept as Service detainees those persons committed by Service Officers for violations of the Immigration and Nationality Act and related criminal statutes only upon presentation by the officer of proper INS credentials.

The Provider agrees to release Service detainees only to Service officers or agents specified by the Service; the officer or agent must present proper credentials. Any questions regarding any individual presenting himself as having such authority, should be addressed to the contact persons, identified later in this document, before releasing any detainee(s).

Service detainees may not be released from custody or placed in the custody of other jurisdictions for any reason except for medical or other emergency situations or in response to a Federal Writ of Habeas Corpus. If a Service detainee is sought for state or local court proceedings, only the Service Representative, or his designee, can authorize release of the detainee. The Service Representative shall be immediately advised regarding any such request.

MINIMUM STANDARDS

The Provider agrees to meet the following minimum standards:

1. 24 hour supervision of detainees, either visual or auditory,
2. meet or exceed all applicable fire and/or life safety codes and will have and maintain appropriate smoke/fire detection equipment in the facility,
3. A minimum of three, nutritionally balanced meals in a 24 hour period for each detainee. No fewer than 1,500 calories total per 24 hours and, if detention exceeds four (4) days no fewer than 2,000 calories per day thereafter. There will also be no more than 14 hours between meals,
4. Appropriate 24 hour emergency medical care, and emergency evacuation procedures,
5. When detained overnight, each detainee will be provided a mattress, and when appropriate, a blanket.

FACILITY LOCATION

The Provider shall provide detention services for aliens at the following institution(s):

Seneca County Jail
3040 South Street Route 100
Tiffin, OH 44883

INSPECTION

The Provider agrees to allow periodic inspections of the facility by Service Jail inspectors. Findings will be shared with the facility administrator in order to promote improvements to facility operations or conditions of confinement. Failure to maintain at least the minimum standards discussed above, will be sufficient cause for suspension of this agreement.

FINANCIAL PROVISIONS

The per diem rate under this agreement is \$55.00 per manday. The rate covers one person per day. The government may not be billed for two days when an alien is admitted one evening and removed the following morning. The Provider may bill for the day of arrival but not for the day of departure.

The Provider shall prepare and submit an itemized invoice for the services provided each month, in arrears. The invoice is to be submitted to the following location:

[REDACTED ADDRESS]

ATTN: Deportation

The prompt Payment Act, Public Law 97-177 (96 Stat. 65, 31 USC 1801) is applicable to payments under this Agreement and requires the payment to the Provider of interest on overdue payments. Determination of interest due will be made in accordance with the provisions of the Prompt Payment Act and the Office of Management and Budget Circular A-25.

Payment under this agreement will be due the thirtieth (30) calendar day after receipt of a proper invoice in the office designated to receive the invoice. The date of the check issued in payment shall be considered to be the date the payment is made.

Original invoices shall be submitted monthly to the Service office designated to receive invoices. Invoices should be submitted within the first ten working days of the month following the calendar month in which the services are provided. The invoice must include the name, title, phone number and complete mailing list address of the official submitting the invoice. In addition, it shall list each Service detainee, the specific dates of detention for each, the total number of days, the daily rate and the total amount billed (total mandays multiplied by the daily rate). Each invoice must also include the complete IGSA number and the delivery order number that generated the invoice.

PAYMENTS WILL BE ISSUED FROM

[REDACTED PAYMENT INFORMATION]

This agreement shall be in effect upon execution by both parties, and shall remain in effect for five years from the date of execution, unless terminated sooner in writing, by either party, as discussed below.

Should conditions of an unusual nature occur making it impractical or undesirable to continue to house aliens, either party may suspend or restrict the use of the facility by the Service by giving written notice of such intent to the other party. Such notice will be provided 30 days in advance of the effective date of a formal termination and at least two weeks in advance of suspension or restriction of use unless an emergency situation requires the immediate relocation of aliens.

The Provider may initiate a request for a rate increase or decrease by notifying the local office of the Service in writing at least 60 days prior to the desired effective date of the adjustment. Any rate increase must be justified in writing to the local Service office prior to being approved. Adjustments will be evaluation on the justification provided and the reasonableness of the proposed price increase. Changes in rate or other terms and/or conditions of this agreement, shall be effected by the issuance of either an amendment to this agreement, or the execution of a new agreement.

MODIFICATIONS/DISPUTES

Either party may initiate a request for modification to this Agreement in writing. All modifications negotiated will be approved by the Service Representative and the Provider. Service approval will be shown through issuance of an amendment to this Intergovernmental Service Agreement or execution of a new agreement.

Disputes, questions or concerns pertaining to this agreement will be resolved between the Service and the Provider authorized agent. Unresolved issues are to be directed to:

CONTRACT TO PROVIDE PRISONER HOUSING

This Agreement, entered into by and between the Board of County Commissioners, Seneca County, Ohio, hereinafter called SENECA COUNTY, and _____, by and through its duly authorized officials or agents, hereinafter called CONTRACTEE:

WITNESSETH:

WHEREAS, Contractee is duly authorized to exercise, perform or render, or contract for jail services; and

WHEREAS, Contractee is, or from time to time may be, without adequate and sufficient facilities for incarceration and care of its prisoners; and

WHEREAS, Seneca County and Contractee desire that Seneca County provide jail services to Contractee and to have Contractee's prisoners incarcerated and cared for in the Seneca County Jail for such periods of time as may be directed by Contractee, and

WHEREAS, the parties hereby are duly authorized to enter into this Agreement pursuant to Section 307.15 of the Ohio Revised Code;

NOW THEREFORE, for the considerations hereinafter named, the parties hereto agree as follows:

1. Upon delivery to the Seneca County Jail by Contractee of its prisoners, along with proper commitment papers, criminal record and medical report, Seneca County shall accept and receive said prisoners for incarceration therein; provided however, that this agreement imposes no obligation upon Seneca County to accept any or all such prisoners tendered by Contractee for incarceration in the Seneca County Jail when, at the discretion of the Sheriff of Seneca County, Ohio, or his duly authorized agents, he, for whatever reason, chooses not to do so. It shall be the obligation of Contractee to telephone or otherwise contact the Sheriff of Seneca County, Ohio, prior to delivery of Contractee's prisoners, to ascertain that the same will be accepted for incarceration within the Seneca County Jail.
2. The transportation of prisoners to and from the Seneca County Jail shall remain the responsibility of, and shall be provided by Contractee at its expense.
3. The care, control, custody and supervision of prisoners accepted by Seneca County shall be exercised in the same manner as Seneca County provides to its own prisoners and shall be exercised in conformity with the minimum standards for jails in Ohio as adopted by the Ohio Department of Rehabilitation and Corrections and the rules, regulations and policies of the operation of the Seneca County Jail as adopted by the Sheriff of Seneca County, Ohio.
4. For providing such jail services Contractee shall pay to Seneca County the sum of FIFTY-FIVE DOLLARS AND 00/100 (\$55.00) for each of Contractee's prisoners per prisoner

day. The term "prisoner day" shall mean any one twenty-four (24) hour day, or any part thereof, separately computed for each of Contractee's prisoners, during which said prisoner is actually subject to the care, control, custody and supervision of the Sheriff of Seneca County, Ohio, or any of his agents or employees.

5. Contractee shall be responsible for paying to Seneca County all sums expended for or incurred in the name of Seneca County for any and all medical or hospital treatments necessary for the care of Contractee's prisoner or prisoners while such prisoner or prisoners are in the custody and control of Seneca County including prescription medications, x-rays laboratory work, physical therapy, testing and referrals to outside physicians or specialists, except that routine in-house medical services shall be provided to Contractee's prisoners at no additional cost. In the event hospitalization is deemed necessary, Seneca County shall notify Contractee as soon as the fact is known or as soon thereafter as possible. Where hospital service is required for any such prisoner, such service shall be provided at the Tiffin Mercy Hospital, Tiffin, Ohio.
6. Seneca County may reject and refuse to receive any prisoner who may be afflicted with any contagious, infectious or venereal disease, or having received any prisoner so affected, without knowledge thereof upon discovery of such condition in any prisoner thereafter, Seneca County may refuse to keep such prisoner thereafter following notice to Contractee, and following receipt of such notice Contractee agrees to receive back, upon delivery to the Contractee's Jail, such affected prisoner.
7. Seneca County may reject or refuse to receive any prisoner who may be inflicted with a prior medical problem such as a contagious disease, mental condition, illness or injury that has not been first treated prior to entry into the Seneca County Jail. The Sheriff of Seneca County shall have charge of the Seneca County Jail and he shall exercise his discretion whereas he may refuse to receive any such prisoner for any reasons based upon current Jail population, internal security conditions of the Jail, or any other reasons.
8. Contractee shall reimburse Seneca County for any and all damage to the Seneca County Jail, its fixtures, appliances, equipment or other property owned by Seneca County, caused whether intentionally or negligently, by Contractee's prisoners. Contractee has no obligation to reimburse Seneca County for ordinary wear and tear to Seneca County's real and personal property, or any personal injury to any of Seneca County's officials, agents or employees.
9. Seneca County shall prepare and submit to Contractee, at least once per month, an itemized statement specifying all obligations for payment required of Contractee hereunder. Contractor shall pay unto Seneca County the amount specified in such statement within thirty (30) days of the date such statement is received by Contractee.
10. This Agreement shall commence forthwith upon the execution

of the same and shall continue in force until terminated by either party upon a thirty (30) days' written notice of its intent not to renew said Agreement. This Agreement may be amended or modified in writing by the parties at any time.
