Batchelder.

To acknowledge the Governmental Accounting Standards Board standards 67 and 68 and to pledge the General Assembly's continued support of Ohio's public employers and retirement systems in their mission to provide secure and sustainable retirement, disability, and survivor benefits to Ohio's public employees.

WHEREAS, Ohio has a long history, predating the enactment of the Social Security Act, of providing retirement, disability, and survivor benefits to state and local public employees through its state retirement systems; and

WHEREAS, Ohio's state retirement systems, the Public Employees Retirement System, the Ohio Police and Fire Pension Fund, the State Teachers Retirement System, the School Employees Retirement System, and the State Highway Patrol Retirement System, have combined assets of over one hundred sixty-five billion dollars and provide retirement, disability, and survivor benefits to nearly two million members, retirees, and beneficiaries; and

WHEREAS, Ohio's state retirement systems were established for the public employees of Ohio and each system's board was vested with the authority to conduct the business functions required of their respective systems; and

WHEREAS, Ohio's state retirement systems are uniquely structured, in that the management of pension liability lies with the retirement systems; and

WHEREAS, The Ohio General Assembly is concerned with maintaining secure, responsible retirement systems for Ohio's public employees; and

WHEREAS, Ohio's state retirement systems are well-funded and well-managed, and Ohio's public employers, in partnership with the General Assembly, have always made their required statutory contributions; and

WHEREAS, Ohio's state retirement systems are responsible, in partnership with the Ohio General Assembly and with the oversight of the Ohio Retirement Study Council, for developing and maintaining secure and sustainable funding plans for defined benefit pension plans that are consistent with sound actuarial funding principles; and

WHEREAS, The Governmental Accounting Standards Board (GASB) standards 67 and 68 are intended to enhance the decision-usefulness of pension-related information in financial reports, improve transparency and accountability, and standardize valuation practices to enhance comparability for similar types of pension plans; and

WHEREAS, GASB standards 67 and 68 require that Ohio's public employers recognize a share of liability for Ohio's public retirement systems, even though the liability lies with the retirement systems; and

WHEREAS, GASB standards 67 and 68 have placed additional burdens

on public employers; and

WHEREAS, GASB standards 67 and 68 are accounting standards, not funding standards, and do not affect the actual liability or required contributions of Ohio's public retirement systems or Ohio's public employers; and

WHEREAS, The Ohio General Assembly supports the continued strength and sustainability of Ohio's state retirement systems; and

WHEREAS, The Ohio General Assembly supports increased transparency and accountability for Ohio's state retirement systems; now therefore be it

RESOLVED, That we, the members of the 130th General Assembly of the State of Ohio, in adopting this resolution, pledge our continued support for Ohio's public retirement systems and support their efforts to comply with GASB standards 67 and 68; and be it further

RESOLVED, That we, the members of the 130th General Assembly of the State of Ohio, urge public employers to avail themselves of every opportunity to educate their officers fully in order to comply with GASB standards 67 and 68, and encourage the general public to understand the differences between accounting and funding standards as they pertain to Ohio's public retirement systems; and be it further

RESOLVED, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to the Chairman of the Government Accounting Standards Board, to each member of that Board, and to the news media of Ohio.

1576 SENATE JOURNAL, WEDNESDAY, FEBRUARY 19, 2014

### CLERKS NOTATION

Pursuant to Article II, Section 10 of the Constitution of the State of Ohio we file the following protest and request that it be entered upon the journal.

We the undersigned State Senators protest the Ohio Senate's decision to pass Amended Senate Bill 238. Voting is a fundamental right of all Ohio citizens and is one that ought to be protected and encouraged by the General Assembly on every occasion. The continual attacks on access to the ballot embraced by this chamber are clearly crystalized by this bill. The sole purpose of Am. S.B. 238 is to reduce opportunities for voting by eliminating the period known as "Golden Week" during which individuals can register and vote during the same trip to their board of elections or early voting location. It represents a fundamental failure of this body to embrace and enhance opportunities for all citizens to cast a ballot.

There are many ways in which government can promote participation in elections and which this chamber should consider. Unfortunately, through this bill we have rejected one of the best tools for increasing participation and turnout. In exchange for this unwarranted restriction voters have not received any benefit. The core question any senator should ask his or herself before voting on an election bill is whether or not the bill on balance improves or restricts the voting experience for voters. In the case of this legislation the answer is a resounding no.

This bill is particularly egregious in light of its impact on minority voters. There is abundant data indicating that African-American voters rely heavily on early in-person voting, and that any cutbacks will fall disproportionately on them. Virtually every available study confirms this:

- For example, two studies by Northeast Ohio Voter Advocates, including one looking at five counties (Cuyahoga, Franklin, Hamilton, Summit and Montgomery), determined that African-American voters disproportionately utilize early in-person voting;
- A report published online by the Lawyers' Committee for Civil Rights Under Law, examining early voting in Cuyahoga County during the 2008 general election, and a more recent analysis by the American Civil Liberties Union examining the 2012 election, found that in both elections:
  - o Black voters accounted for over 75% of all early in-person votes;
  - o Black voters were almost 20 times more likely to use early in-person voting than were white voters.

All of the available data strongly suggest that any reduction in in-person voting opportunities in Ohio will disproportionately affect African-American voters.

SENATE JOURNAL, WEDNESDAY, FEBRUARY 19, 2014 1577

Ohio's elections are not perfect. There are many reforms that should be pursued to modernize and improve our elections. The focus of all these reforms must be improving access and participation for the voter. Am. S.B. 238 is a large step backwards away from these goals.

For the aforementioned reasons, we protest the Senate's decision to concur in Amended S.B. 238.
